PRESIDENT'S Report

Hello KRC Membership! I hope everyone is enjoying their summer. Florida is still hot and rainy most days. We are still getting in some golf days, with and without carts. The crows have apparently decided to become permanent full-time residents. We may need to come up with some sort of deterrent going forward; I think Charlie Porter has some ideas.

Last week we had our Art Reception with the IGW group. We had an excellent turn-out with many IGW Board members, IGW artists, KRC Board and KRC members in attendance. The newest art selections are now installed on the clubhouse walls. One painting was sold during the event, and a few more have sold since the reception. This is a wonderful program for all involved. Thank you to Karen Mitchell for getting it off the ground and to Marty Clark for taking the reins going forward. IGW is thrilled with the relationship and so are we.

We have a team working on getting the new dance floor installed. The ceiling fans will be installed once the funds are received from the donors. The new popcorn machine is a hit! Angela will be launching another MFP project soon. Please email Angela if you have any ideas for a Member Funded Project.

Cheers!

Lori Waggoner

GOLF COMMITTEE PROGRESS REPORT

Not much new to report from the Golf Committee this month but there are a few reminders, especially for those that summer in Florida or will be returning soon.

Our next Tournament will be the Labor Day Scramble on September 2. This will be an AM tournament followed by lunch. A notice will be sent soon and sign up sheets posted.

Our reciprocal agreements with Sara Bay, Bradenton and River Wilderness Country Clubs have been very popular and will continue until October 31.

Don't forget to take a look in the Pro Shop for Key Royale shirts, hats and accessories.

And our very popular teaching professional Ken Butler is available for lessons - just give him a call at 941-524-9341.

Enjoy the rest of your summer and stay cool!

Bill MacMillan
Golf Committee Chair

It is with great sadness that we report the passing of member Joyce Brown. Our condolences to her family.

GREENS REPORT

There is a reduced amount to report on for the golf course in July. Play has been limited by both the heat and the plentiful amount of rainfall. The staff has focused on mowing, trimming, weeding and general maintenance.

The shelters located near the sixth, seventh and eighth tee boxes have been repaired and repainted where needed.

There are still plans to sod the sixth tee boxes and behind the seventh green as soon as sod is available. Sod farms have also received an abundant quantity of rain hampering their ability to harvest the sod in a timely fashion. This situation is complicated by the fact that the Key Royale Club is not the only golf course wanting to purchase sod.

We can report that the grass is growing at a healthy rate.

Respectfully submitted,

Blake Ress, Greens Chairman

Building and Maintenance

We continue to address issues concerning the air conditioning and refrigeration systems. Clean up of outside areas near the Club House is nearly complete. In the coming weeks, it is expected that new ceiling fans and the member funded dance floor will be installed. Improvements to the sound system are also underway.

Looking ahead, we are reviewing future maintenance issues and equipment needs to assure smooth operation within the Club house facility.

Jim Menzies & Jim Lathrop

JUST A REMINDER ...

Storm Season is upon us. We have a detailed Hurricane Preparedness Plan in place and have practiced. We do need volunteers to commit to helping in the case of an evacuation order. If you are available and willing to help, please email Stella at marketing@keyroyaleclub.com to get on the Storm Contact List.

EVENTS

The majority of next Season's entertainment has been booked. Please refer to the 2019-2020 calendar in this month's TTT's. I am still looking for entertainment for our November 9 "Welcome Back" Party. If anyone has a suggestion, please contact me.

Anne Klein, Events Committee Chair
